

**AMENDMENTS TO THE DRAWINGS:**

Replacement drawing sheets 4/8 and 5/8 are submitted herewith in compliance with 37 C.F.R. 1.121(d).

**REMARKS**

Applicants respectfully request entry of the Amendment submitted herein. Subsequent to Applicant's filing of a Response dated June 30, 2008 in this application, Applicants further review of the application revealed that additional minor changes were needed to the specification and drawings in order to maintain consistency with the amendments made in that Response. In particular by this amendment, on drawing sheet 4/8, the different directions P illustrated in Figures 7A and 7B are hereby distinguished by P<sub>1</sub> and P<sub>2</sub>. Previously, these Figures merely listed the two different directions as "P". Additionally, in Replacement Sheet 5/8, Figures 7C and 7D have been similarly changed by this amendment in order to maintain consistency with the designations from Figures 7A and 7B. The amendments to the specification noted above are consistent with the amendments made herein to the drawings. Accordingly, no new matter has been presented by this Amendment.

Therefore, it is believed that the application is now in condition for further examination and allowance thereafter. If the Examiner has any questions or suggestions to expedite allowance of this application, he is cordially invited to contact Applicants' attorney at the telephone number provided.

Respectfully submitted,

/Tony A. Gayoso/
